

## **POSTGRADUATE STUDIES (PhD) at the State Educational Institution «Academy of Postgraduate Education»**

Postgraduate program (PhD) is the initial stage of postgraduate education, which aims to train researchers, colleges and universities teachers. After completion of postgraduate education program, a diploma with a scientific qualification «Researcher» is issued.

The Academy provides implementation of postgraduate programs within the following specialties in **Russian, Belarusian and English languages** (in accordance with the current nomenclature of specialties of scientific workers):

**13.00.01 – General Pedagogy, History of Pedagogy and Education**

**19.00.01 – General Psychology, Personality Psychology, History of Psychology**

**19.00.07 – Educational Psychology**

Each postgraduate student is assigned a scientific supervisor, who is mainly a leading scientist – a professional of the Academy of Postgraduate Education or a specialist from other scientific & research institution of the Republic of Belarus.

Postgraduate education in Belarus is no more than 3 years (full time) for holders of Master of Sciences degree and passed PhD Candidacy Examinations; no more than 4 years if postgraduate education is provided by correspondence courses and no more than 5 years for holders of Master of Sciences degree who have not taken PhD Candidacy Examinations (1 to 2 years of individual consultations and training in the PhD Candidacy program for the purpose of preparation and passing of PhD Candidacy Examinations + 3 years of full-time PhD degree program).

Tuition fees per year: full time – from 1270 USD; correspondence courses – from 920 USD.

To improve the quality of postgraduate education, the Academy's specialists developed and implemented a distance learning platform for postgraduate students within the electronic environment of the Academy of Postgraduate Education.

### **Main areas of dissertational research:**

✚ scientific and methodological support of quality management of preschool, general secondary, extracurricular, higher and postgraduate education;

✚ humanistic and social aspects of innovative education processes;

 adult education, the introduction of new content and educational technologies;

 fundamental and applied issues in the development of psychological science and educational theory and practice, etc.

In accordance with the legislation of the Republic of Belarus, citizens of foreign states can study at postgraduate courses of the Academy on the basis of international treaties of the Republic of Belarus and (or) contracts made with foreign citizens or organizations.
